

International Folkfest 2010

WE ARE CURRENTLY ACCEPTING CONTRIBUTIONS FOR 2010

The International Folkloric Society (IFS) has organized international festivals in Murfreesboro since 1982 and is a non-profit organization which relies on the support of individuals, local businesses, and corporations, and government organizations who are willing to help support the exchange of international culture, art and heritage.

Your contribution allows us the opportunity to continue to host the annual event headquartered in downtown Murfreesboro, and provide meals, transportation within Tennessee, and housing accommodations for folkloric music and dance groups from various nations around the world, consisting of approximately 100 persons, for the week of the festival.

It is our goal to create a viable festival each year, resulting in increased tourism and local business patronage. Some of the special events that we plan to include in this festival are:

- A festival consisting of music, dance performances, and street vendors in Cannonsburgh Pioneer Village;
- Individual group performances throughout the week at various nursing/assisted living homes, local area schools, The Boys and Girls Clubs, Tennessee State Veterans' Home, to name a few.
